Derived From:

Monoammonium phosphate, Monopotassium phosphate, Potassium Nitrate

Information regarding the contents and levels of metals in this product is available on the internet at <http://www.aapfco.org/metals.htm>

Directions:

For basic application use at a rate of 15ml per liter. Spray both sides of the leaves two times a week. Also use with Grow Nutrients and Micro Nutrients to ensure an optimal nutrient solution. Refer to www.xnutrients.com for feeding schedules.

GROW SPRAY

XNUTRIENTS

Grow Spray is a power packed nutrient spray applied to a plant's leaves during its growth stage. It can be used in soil or in hydroponic systems and alongside other nutrient products. Grow Spray is extremely effective and is safe to use with other nutrients. Grow Spray will produce larger, greener leaves and larger fruit or flowers. Grow Spray has all the right ingredients in one bottle.

- Always use with Grow Nutrients or Bloom Nutrients for improved results.
- Refer to www.xnutrients.com for feeding schedules and amounts
- Maintain pH between 5.5 and 6.5. Use pH Up/Down to maintain water quality.

Keep out of reach of children
Protect from freezing / direct sunlight
